

# Plugin BigBlueButton

Use this [wiki plugin](#), introduced in [Tiki5](#), to invoke a [BigBlueButton](#) in a page.

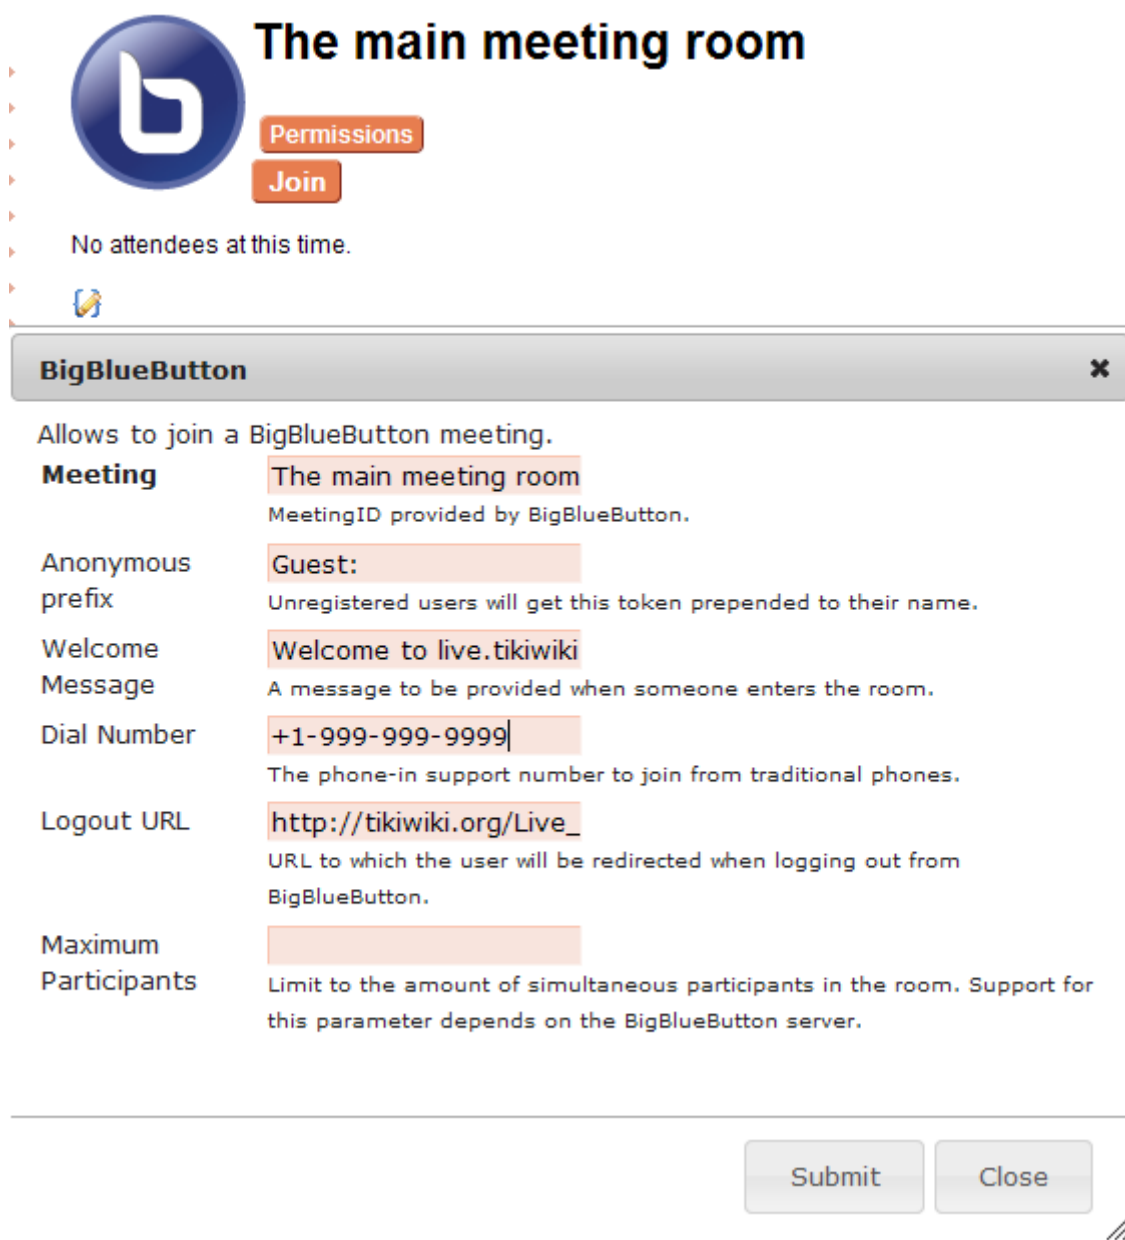

## Parameters

Tiki Doc From Code error: bigbluebutton not found

## Example

```
{bigbluebutton name="Room-Number" prefix="Guest: " voicebridge="Room-Number" logout="URL-of-the-logout-page" recording="1"}
```

You can see an example at [Live](#). Below is a screenshot:

The screenshot shows a meeting interface for "The main meeting room". It features a blue circular logo with a white 'b', a "Permissions" button, and a "Join" button. Below the buttons, it says "No attendees at this time." and has a small icon of a person with a lightning bolt.

Below the interface is a configuration dialog box titled "BigBlueButton" with a close button (x). The dialog contains the following fields:

- Meeting**: The main meeting room  
MeetingID provided by BigBlueButton.
- Anonymous prefix**: Guest:  
Unregistered users will get this token prepended to their name.
- Welcome Message**: Welcome to live.tikiwiki  
A message to be provided when someone enters the room.
- Dial Number**: +1-999-999-9999  
The phone-in support number to join from traditional phones.
- Logout URL**: http://tikiwiki.org/Live\_  
URL to which the user will be redirected when logging out from BigBlueButton.
- Maximum Participants**:  
Limit to the amount of simultaneous participants in the room. Support for this parameter depends on the BigBlueButton server.

At the bottom of the dialog are "Submit" and "Close" buttons.
