

There have been many many improvements to \_\_\_\_\_ and to this doc.tw.o site in the last months:

1. doc.tw.o site is using the new Tiki 3.0 development branch, so that many new features can be seen and used already for production while documenting Tiki usage
2. A new page for end users describing some of the new improvements in \_\_\_\_\_ !
3. A new \_\_\_\_\_ for this doc.tw.o site, while a \_\_\_\_\_ is underway
4. A new 35' Video showing an upgrade from 2.0 to 3.0, while configuring some of the very new features in Tiki3:

So that.... What are you waiting to contribute with a little of your time and skills, whatever they are, to make this software and Documentation even better! ☐

Welcome \_\_\_\_\_ ...
