

Module forums_last_posts

Shows the last posts in all the forums of the site.

Parameters

Displays the latest forum posts.

[Go to the source code](#)

Preferences required: feature_forums

Parameters	Accepted Values	Description	Default	Since
author		If set to "y", show post author directly instead of as tooltip. Default: n		
date		If set to "y", show post date directly instead of as tooltip. Default: n		
time		Show times after dates. Default: y		
topics		If set to "y", only displays topics. Not set by default.		
forumId	<i>separator:</i> :	If set to a list of forum identifiers, restricts the posts to those in the identified forums. Identifiers are separated by colons (":"). Example values:"13", "31:49". Not set by default.		

In addition, standard parameters available to all modules are available - see Module Settings Parameters.
