Changes how the list of languages is displayed. Possible values are droplist, flags and words. Defaults to droplist.

Default Since

EXAMPLE

In the example below we pass in a wiki page the module Switch Admin Language through the plugin module.
So, this code:

```
{module module="switch_lang_admin" mode="droplist"}
```

Would produces on this site:

The screenshot shows a white rectangular box with a light gray header containing the text "Switch Admin Language". Below the header is a white dropdown menu with a thin gray border. The word "English" is displayed inside the dropdown menu, indicating the selected language.
