Adding a calendar invitation (in this case from Gmail/Google Calendar) to a Tiki calendar (can be personal or team calendar)

The screenshot shows the Tiki Webmail interface. On the left is a navigation sidebar with options like 'Compose', 'Contacts', 'Everything', 'History', 'Sent', 'Unread', 'Email', 'Search', and 'Settings'. The main content area displays an email from 'Marc Laporte' with the subject 'Mon Mar 16, 2020 3pm - 4:30pm (EET) (Marc Laporte)'. The email body contains a calendar invitation from Google Calendar. A red circle highlights the 'Add to calendar' dropdown menu, which is currently set to 'Personal calendar'. Below the invitation, there is a table of attachments:
