Cíle TikiWiki a jeho komunity

- Vytvářet silnou, jedineČnou, kompletní, uživatelsky přívětivou, stabilní a bezpeČnou, plně vybavenou OpenSource web aplikaci, která zahrnuje (avŠiak není omezena na) RS & GroupWare nástroje.
- Find a delicate balance between chaos and order :
  - Features creativity, unrestricted and rapid development.
  - Stability, extensive testing and up-to-date documentation.
- Keep track of development activity by using a total logging and a systematic publishing.
- Make it easy for small teams or lonely coder to adopt, enhance or add some features.
- Help new developers to join the team, learn more and contribute fast.
- Provide a friendly network of tikiwiki users-developers favorizing mutual assistance and support.
- Eat our own dogfood the more we can (use tikiwiki for our community activity)
- To have a fun & friendly community where people can easily contribute & enhance Tiki.
- Ovládnout svět
