

## Plugin Add to Cart

Use this [wiki plugin](#), introduced in [Tiki5](#), to display a button for adding one or more items to the shopping cart. The shopping cart is displayed and accessed using [Module Cart](#). Once the order is placed in the shopping cart, the user is taken to [Payment](#).

## Parameters

Add a product to the shopping cart.

Introduced in Tiki 5. Required parameters are in **bold**.

[Go to the source code](#)

Preferences required: `wikiplugin_addtocart`, `payment_feature`

## Example

*This code,*

```
{addtocart description="Panama Hat" code="A150" price="45.00"}
```

*Would produce:*

The add to cart button would typically be used along with item information like below:

(screenshot)

Panama Hat

\$45.00%%%  [Add to cart](#)
