

Plugin Calendar

Use this [wiki plugin](#), introduced in [Tiki4](#), to display the calendar feature, with the events of one or more calendars on it, and the list of events underneath for easy printing of the scheduled events.

Parameters

Display a calendar and its events

Introduced in Tiki 4.

[Go to the source code](#)

Preferences required: feature_calendar, wikiplugin_calendar

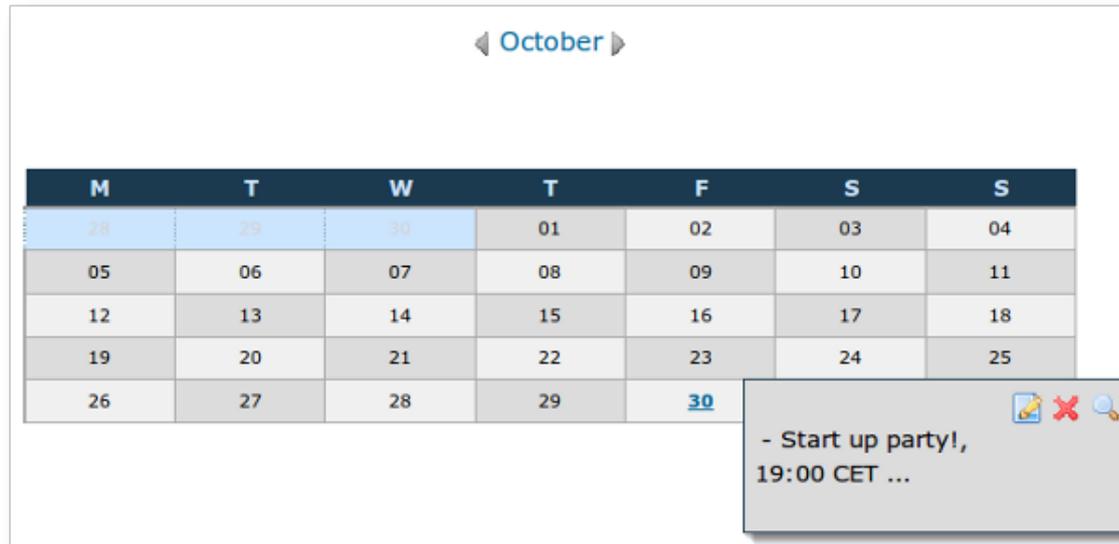

Parameters	Accepted Values	Description	Default	Since
