

Plugin ShareThis

Introduced in *Tiki3*

Use this [wiki plugin](#) to place a ShareThis button (from www.sharethis.com) on the page. Users can click on the button and select from a number of social networking services to share the page with their network. A ShareThis account is not necessary.

Parameters

Tiki Doc From Code error: sharethis not found

Example

This code:

```
{sharethis rotateimage="y" embed="true" buttontext="ShareThat" headertitle="Share this page!" headerbg="333333" headertxtcolor="e6d46e"}
```

Would produce this:
