Piwik Analytics

For information about Piwik, see: [Piwik Web analytics](#)

Piwik Analytics admin panel

You need to set the URL to your Piwik server. IE : "http://mypiwik.com".

You need to set the Id of the website you want to display the statistics. IE : "1".

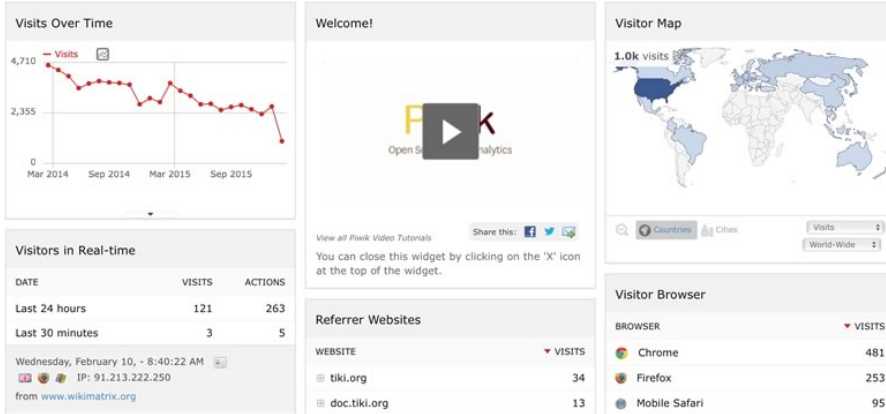

The screenshot shows the 'Statistics' configuration page in Piwik. At the top, there's a header 'Statistics' with a help icon. Below it, the text 'Configure statistics reporting for your site usage' is displayed. On the right side, there are two 'Apply' buttons. The main content area has three tabs: 'Tiki Statistics', 'Google Analytics', and 'Piwik Analytics', with 'Piwik Analytics' being the active tab. Below the tabs, the 'Piwik Analytics' section is titled. It contains two input fields: 'Piwik server url' and 'Site Id'. The 'Piwik server url' field has a value of 'http(s)://yourpiwik.tld/index.php(?token_auth=yourtokencode)' and includes an information icon and a refresh icon. The 'Site Id' field has a value of '1' and includes an information icon, a refresh icon, and a checkmark icon. An 'Apply' button is located at the bottom of the configuration area.

Piwik Analytics user page

It is set to Piwik default dashboard but you can customise it accordingly to your need. (check Piwik widget page to review available modules)
