    Close site when server load is above the threshold

help
    Site-Access#Close_site

default
    n

description
    Use this option to "close" the Tiki site when the server load exceeds a specific threshold. Only users with specific permission will be allowed to log in. Use "Maximum average server load threshold in the last minute" to define the maximum server load. Use the "Message to display" to specify the message that visitors will see when attempting to access the site.
